# ADVENTURE ACADEMY™

Adventure Academy is an educational **massively multiplayer online** game (MMO) for elementary and middle school students. It features thousands of enjoyable learning activities that are discovered on quests through an interactive virtual world. Expertly designed to create a highly engaging and educational environment, Adventure Academy focuses on building critical knowledge and skills in language arts, math, social studies, science, and more.

Age of Learning, the company behind the industry-leading ABCmouse® online learning program, developed Adventure Academy with a substantial investment over the course of three years. In Adventure Academy, the more you explore, the more you learn.

Audience: Elementary and middle school students

Gameplay: In Adventure Academy, learners

- Create and customize their Avatar's features, clothing and backpack.
- Complete quests and learning challenges to level up, unlock new zones, and earn rewards in an ever-expanding virtual world.
- Interact with other learners, chat, and create or join clubs in a safe, COPPA-compliant environment.
- Play the entire game across multiple platforms, including computers, smartphones, and tablets.

Curriculum

Age of Learning has brought the same curriculum-first approach to Adventure Academy that it successfully employed in ABCmouse, which has helped educate more than 20 million children to date.

- Adventure Academy features thousands of educational learning activities, such as videos, reading experiences, games, quizzes, and many other interactive elements— all within the frameworks of U.S. (and international) curriculum standards.

- It is crafted by a curriculum team of expert educators who are on staff.
